**Water conservation urged in Kīlauea area**

Līhu'e - Department of Water officials are asking residents in the Kīlauea area including Wailapa and Kalihiwai to exercise voluntary water conservation over the next few months in light of the current and forecasted dry weather conditions that have impacted water service in the area.

Among the suggested ways that residents can save water include minimizing lawn irrigation, washing vehicles, dust control, and other non-essential usages.

In addition, it is recommended that residents take fire prevention measures.

Anyone with questions should call the Department of Water at 245-5455 during business hours, 7:45 am to 4:30 pm, or Police Dispatch at 241-1711 after business hours.
